3.1 TEACHER EDUCATIONAL POLICIES

3.1.1 TEACHER EXPECTATIONS

All Pinnacle teachers are responsible for teaching the Utah state core curriculum to their students. Teachers are expected to clearly state deadlines, expectations for in-class assignments, homework, and then hold their students accountable. Teachers are expected to hold students to a high standard of academic and personal integrity in completing their work and shall state clearly when collaboration is allowed. Teachers expected to be present in the classroom any time students are present and may leave the classroom unattended only in the event of an emergency where a student requires immediate attention, a threat to the health or safety of a student, or a personal emergency of the teacher with all other absences approved by the CAO or the Principal. Pinnacle exists to create an engaging environment where students will develop and progress to their full potential. Teachers are expected to be full partners in this process and to honor and abide by all school policies so that their personal actions in the classroom reflect the overall mission of Pinnacle.

3.1.2 TEACHER PREPARATION

Pinnacle places serious emphasis on teacher preparation. Thorough preparation for classes, by both teacher and students, is the first requirement for academic success. The teacher acts as a model for their students and must take this responsibility seriously. Preparation for class is defined as promptness in beginning class, preparing weekly and long-term lesson plans, preparing homework assignments that provide follow-up on recent coursework, correcting student work thoroughly, fairly and returning it promptly, making photocopies **prior** to the beginning of the school day, and maintaining their online learning platform according to the Offer of Employment contract. These same preparation standards apply to bi-annual SEOP conferences.

3.1.3 CLASSROOM DISCIPLINE

Through its administrative personnel, the Board of Directors will support an employee in the reasonable use of authority in disciplining students. It is the responsibility of the employee to maintain classroom discipline. However, when a disciplinary situation becomes unmanageable, an employee may temporarily suspend a student from his/her classroom. The following guidelines will be considered:

- When a student is suspended from class, the employee will complete this form and send or take the misbehaving student to the Principal or the CAO.

- An employee exercising such disciplinary measures in enforcing the Student Code of Conduct would be presumed to have exercised that authority properly until an investigation indicates otherwise.
- Inquiries concerning any disciplinary action taken by an employee shall be referred to the principal or the CAO.
- Use of physical punishment, denial of food, toileting or medical care towards students may be grounds for dismissal and may cause the School to refer the employee to an appropriate State agency for intervention.
- **All staff must follow the approved school wide discipline policy at all times.**

3.1.4 CLASSROOM NEATNESS AND PROMPTNESS

Teachers are expected to begin classes promptly at the scheduled time. Classes shall meet for the full period of time and shall not be excused early. Dismissal of class shall only occur after students have picked up stray papers and straightened their desks and chairs. Stray items such as clothing, backpacks, and lunch boxes shall be taken right away to the lost and found area in the office. It is the teacher's responsibility to maintain a well-organized, clean classroom. Confidential student records shall be filed away accordingly per FERPA guidelines.

3.1.5 TEACHER DUTY-FREE LUNCH

Pinnacle shall attempt to provide a 30 minute duty-free lunch period for each teacher. In the event circumstances require duty during the lunch period, attempts will be made to equalize the duty among personnel. Teachers may not leave campus without prior permission. PLC teams that choose to meet during lunch instead of before or after school, do so by their own choice.

3.1.6 TEACHER EVALUATION OF STUDENT PERFORMANCE

Teachers will adhere to grading policies found in SECTION 2.1.5 Secondary Policies and SECTION 2.1.13. Elementary Policies.

3.1.7 TEACHERS AND PROFESSIONAL STAFF LEAVING CAMPUS DURING SCHOOL HOURS

Teachers and professional staff may only leave campus during school hours in the case of a personal or family emergency or to attend to job-related duties. Hourly employees are allowed off campus lunch, unless otherwise determined by Administration.

3.1.8 TEACHER LESSON PLANS

Teachers must have lesson plans in place at least one week in advance and shall be submitted to Administration by 8:00 a.m. each Monday morning. Pacing Guides are due before the school year begins. This will occur more frequently if a teacher is on probation, on a state-approved licensure program, is a provisional teacher or is being mentored.

3.1.9 SUPPLIES

Teacher Purchase Card: Teachers are issued a school credit card to purchase supplies for the school year. Teachers have to sign the following when issued their school credit card:

"I am signing this form stating that I have received my Teacher Purchase Card. By signing this form I am agreeing that I have accepted this card under the following conditions: This card is to be used for SCHOOL use only. I will manage receipts and statements per school policy and under the direction of Administration. I also agree that if I choose to purchase non-school related items with this card I will also be responsible for the balance, which will be taken from my paycheck. Multiple fraudulent purchases will result in suspension of card and loss of privileges. I understand that I could also face disciplinary actions and possible criminal charges."

Teachers and staff members that need to order supplies beyond what is available on their school credit card need to make an online request to administration for approval by the CAO/Administration. Pinnacle will not reimburse teachers and staff for taxes paid on purchases. All staff must use the School's tax ID number when making purchases.

3.1.10 TEACHER EVALUATIONS AND ASSIGNMENTS

All employees of Pinnacle are "at will" employees and no employee is automatically guaranteed a job for the following school year. There is no tenure at Pinnacle. Teachers are required to have observations throughout the school year done by the designated, qualified staff member. Long-term substitutes will not be evaluated but can receive the results from evaluations. The purpose of teacher evaluations is to provide the Board of Directors, the CAO/Secondary Principal and the Elementary Principal with the feedback and information critical to determining teacher offers of employment for the following school year. (Board Approved 5/2020)

The CAO/Secondary Principal and the Elementary Principal have the right to assign all personnel to their specific positions as necessitated by the requirements of the school system. The administrator will give notice of assignments and offers of employment to teachers by March 15. Employees will be notified in writing if their offer of employment is terminated during its term or if their employment will not be renewed for the following year. All other employees will receive yearly evaluations from the CAO and their direct supervisor and will be given offers of employment based on favorable evaluations and funding. Any staff member may request a change in grade, subject, or assignment by filing a written request by March 15 with the administrator. A written request does not guarantee a change in assignment.

Teachers will not be dismissed, but may be reassigned, based on enrollment, illness, or failure to obtain endorsement if they are certified in another area. Teachers who score poorly on their initial evaluation will be provided with support/training needed to make changes and improvement by any subsequent evaluations. Documentation of the support/training will be attached to the follow-up evaluation; if improvement is not made in the specified areas the board may terminate the employee without the fine.

3.1.11 TEACHER ONLINE LEARNING PLATFORMS

BOARD APPROVED: May 13, 2020

All teachers are required to have an online learning platform (such as Showbie, Google Classroom or Canvas) directing parents and students to assignments with the ability to contact the teacher and including any other pertinent information. Part of the year-end evaluation will be the adherence to the online learning platform requirement. Lack of compliance will result in disciplinary action by the CAO/Secondary Principal, the Elementary Principal and the Board of Directors. (Board Approved 5/2020)

3.1.12 NEW TEACHER ORIENTATION

New teachers will complete an orientation on school culture, policies and expectations. The new teacher orientation may be completed in conjunction with the Pinnacle's back to school training in August before the school year begins.

3.1.13 TEACHER ATTENDANCE AT PARENT MEETINGS AND SEOP CONFERENCES

Attendance at all parent meetings, staff meetings and SEOP conferences is mandatory for all teachers as information given at those meetings is helpful in the completion of their duties and responsibilities. A request may be made to the CAO to be excused from said meetings, but the CAO has full discretion in this regard.

3.1.14 ELEMENTARY TEACHER HOME VISITS

BOARD APPROVED: May 13, 2020

As part of the teacher Offer of Employment, elementary teachers shall make a home visit to each student's home to provide information regarding the school year, school policies and to gather pertinent information from the family. A checklist will be provided to each teacher to be completed at each home visit. The days the home visits are conducted are considered part of the teacher's contract days. Elementary teachers may be exempt from completing home visits should a health, weather or other type of crisis prohibits completing the home visits safely.

3.1.15 LONG TERM SUBSTITUTES

Occasionally, needs arise that require a long-term teacher absence. Every precaution will be taken to ensure that our students' learning environment remains consistent and relatively uninterrupted. The CAO must be informed of the proposed absence as soon as possible (at least two months prior, if possible). General lesson plans for the length of the proposed absence will need to be submitted to the CAO. A qualified substitute will be located and hired and, if at all possible, participate in a training period with the teacher needing the absence. Long-term substitutes are not required to go through the teacher evaluation process. Long-term substitutes are paid according to the school's daily long-term substitute rate.

3.1.16 OTHER TEACHER DUTIES

All contract employees have outside/other duty assignments that need to be completed as part of their contract. The PLC Leaders will set a yearly schedule and will provide a copy to each teacher of their assigned days and responsibilities. It is the employee's responsibility to switch with another employee if they cannot complete their duties.

3.1.17 TEACHER PAPERWORK RESPONSIBILITIES

Teachers are responsible for submitting grades correctly by the appropriate deadline, correcting homework in a timely manner, completing attendance, turning in required forms to the office and/or HR Director by deadlines and

keeping their student files and information up to date. Failure to manage academic paperwork properly will result in disciplinary action. CACTUS compliance is each teacher's responsibility and paperwork with re-licensure points must be submitted to the HR Director in a timely manner.

3.1.18 SUBSTITUTE TEACHERS

A teacher is expected to be in school daily. However, when it is necessary for a teacher to be absent, it is the responsibility of the teacher to arrange for a substitute teacher competent to handle the students and grade level. The teacher shall provide, or shall make arrangements to provide, the substitute teacher with a lesson plan, pertinent materials, and supplies for each period missed by the employee. When an unforeseen illness or emergency arises, an employee may contact Pinnacle's CAO, Principal or designee to obtain a substitute. At the time of notification, the employee will inform the CAO, Principal or designee where pertinent classroom information is located and any other information necessary for the substitute teacher's performance of the classroom duties. Whenever possible, the employee shall provide notice of his/her absence to the CAO, Principal or designee before 7:00 am the day they will be absent. Following the employee's return, the employee will complete the substitute form online and submit it to the HR Director **by the end of that school day** so that the substitute can be paid promptly. If the employee doesn't turn in the form by the deadline, the teacher will pay for the substitute with the amount deducted from their next paycheck.

3.1.19 TEACHER TRAINING / INSERVICE

BOARD APPROVED: May 13, 2020

Training and professional development will occur on early release Fridays, through PLC meetings and other required training per state and federal guidelines. Early Release Fridays: PLC meetings and teacher/employee training meetings will be held on each Friday of the school year. All teachers are required to attend and other staff members will be invited as necessary. Professional Learning Community: Pinnacle will be set up as a professional learning community. Teachers and staff will be divided into learning communities with an Instructional Leader facilitating the supervision and instructional support. PLC teams will meet weekly and focus on academic achievement. The primary purpose of the PLC teams is to facilitate academic excellence in all content areas through data analysis and data-driven instruction and strategies. Required Trainings: All staff are required to complete all state and federal mandated trainings including, but not limited to, harassment training, CPR/AED training, suicide prevention training, testing ethics training, etc. All training will be part of the master training plan.

3.1.20 HOMEWORK POLICY

Daily homework is an extension of Pinnacle's commitment to the education of each student. Homework will be evaluated thoroughly and consistently, returned promptly and integrated with current assignments. In general, homework will not be assigned on long weekends or holidays. Homework assignments for absent students can be accessed through the teacher online learning platforms. Absent students have three days to complete assignments from the days they missed. Students with extended absences will need to meet with their teachers to develop a homework plan to get them current with their assignments. Students who are suspended will be required to complete the assignments they miss as well as additional assignments as deemed by the Secondary teaching staff and administration.

3.1.21 DISPOSAL OF TEXTBOOKS

Pinnacle will notify other LEAs through appropriate state channels of any usable textbooks (at least 25 in a set) that

are available. After 30 days, if no other LEAS are interested in the usable texts, Pinnacle will appropriately recycle the textbook materials.

Discipline means to teach. Rather than punishment, discipline shall be a positive way of helping and guiding children to achieve self-control. An effective discipline program requires three vital educational functions which are maintenance of order, development of internal control and promotion of prosocial behavior.

Self-development is most effective if the person is committed, rather than just complying. Commitment comes through internal motivation. Internal motivation is fostered in a positive learning environment where people feel they will not be harmed, where they are given choices that encourage ownership and empowerment, where self-evaluation and self-correction are dominant in people learning that appropriate, responsible behavior is in their own best interests.

Discipline Procedures

- When addressing inappropriate behavior, students will describe what the specific undesirable behavior is, the reason the behavior is undesirable, and what shall be done to change the behavior.
- When a staff member is addressing an inappropriate behavior, they will use a respectful tone of voice that does not increase in pitch, tone or volume, and be in close proximity to the child. Voices are valuable teaching tools; they shall convey respect and help children to feel safe and reassured.

- To develop their sense of autonomy and initiative, students need to experience the positive feelings that come from making choices. Students will be encouraged to offer solutions and to help determine the consequences for their inappropriate behavior. Students will be taught to take responsibility for their own actions.
- When the need arises for the student to have a cooling down period to calm down and reflect, the student will be allowed to regain power of control and choice in an area established by the teachers for this purpose. This area shall not be used as a punishment.
- School personnel will immediately address any physically dangerous and/or persistently inappropriate behavior. Examples include, but are not limited to, endangering one's personal body, hurting others, bullying, or destroying property.
- Staff will be trained in discipline procedures. Staff will also be reviewed periodically for compliance, their ability to implement discipline procedures and how frequently they use the procedures.
- Staff will follow Utah laws concerning discipline and will not discipline using toileting, food, or sleep as a consequence for any behavior.
- Teaching self-discipline is not a simple process. We must first establish a relationship with students, be clear and consistent, and keep parents informed of their child's behavior. Parents will be called and informed if their child is experiencing problems with self-control or inappropriate behavior. Parents will be asked to offer solutions that have been successful at home for curbing inappropriate behavior and parents will be actively involved in the successful integration of self-control skills
