SECTION ONE: GOVERNANCE

Pinnacle Canyon Academy was established in 1999 as one of the eight founding charter schools in the State of Utah. Also referred to as Pinnacle Schools, the school divides students grades K-5 in Pinnacle Canyon Academy, students grades 6-8 in Pinnacle Middle School and students grades 9-12 in Pinnacle High School. The Pinnacle Code simplifies the name issue and uses “Pinnacle” to describe the school.

G1. SCHOOL MISSION STATEMENT

With the central focus on supporting students and their families, in August 2020 Pinnacle adopted the theme: *Pinnacle--We are Family*. Pinnacle’s mission statement continues to emphasize that theme: *“Pinnacle Family—Paving the Panther PATH. P = Pride, A = Achievement, T = Technology, H = Heart.”* (Board approved 5/2020)

G2. PINNACLE’S GOALS

School goals will be reviewed and revised as necessary.

1. Pinnacle will make our students producers not consumers and teaching/modeling that the technology devices are tools, not toys.
2. Pinnacle will develop more efficient vertical teaming with clearly defined roles and more productive meetings.
3. Pinnacle will foster student responsibility by increasing accountability, helping students to plan ahead and teaching students basic life skills.
4. Pinnacle will reduce incidents of bullying and disrespect and will promote character education instruction.
5. Pinnacle will coordinate communication staff wide at least monthly.
6. Pinnacle will increase grade level reading and math skills by 20%.

G3. PINNACLE BOARD OF DIRECTORS

The Pinnacle Board of Directors is a five to seven member, policy-making board that works closely with onsite school administration in deciding and implementing policy while supporting administration in the operation of the school.

A Pinnacle Board of Directors Member will be a responsible, committed parent, or member of the community who will commit to serve on the school board for a two-year term (with an option to continue serving on the board beyond the initial two-year term). Board members will work closely with school administration, teachers, staff and parents in maintaining the credibility and viability of Pinnacle. Board members will make decisions on school policies, finance/budget issues, strategic and long-term planning for the future, personnel issues as needed and any other pertinent issues.

The Board of Directors will consist of a majority of parent board members although the last two members could optimally be external community leaders. Board members attend board meetings held at least quarterly and other meetings as necessary. Board members shall exhibit good judgment with regards to making objective decisions regarding policy, budgets and personnel as well as maintaining confidentiality with regards to privileged information. Business experience and financial knowledge would be an advantage to the board members, but is not required. Anyone interested in applying to the school board shall contact the school office. Board nominations will be made by current members from the Board of Directors and those nominations will go to a parental vote at the earliest possible time when current board members’ terms are coming up for replacement or recommitment. If the number of applications is the same number or less than the number of openings, then the board may vote to approve the applicant to become a board member without a parental vote. A letter from Utah’s Attorney General’s Office, dated October 14, 2005, and signed by John McCallister, stated that a charter school’s board members cannot also be an employee or teacher of the same school.

Voting: In order for the board to take action (vote) on an item, a quorum of $\frac{3}{4}$ of the board must be present. All board members have voting privileges; however, the Board President will only vote in the event of a tie. During Executive Session meetings, the board president and secretary will have voting rights where staff members are not present.

Removal of a Board Member: In some instances, a conflict of interest, unethical behavior, or consistent counterproductive behavior may necessitate the removal of a board member from the Board of Directors. The following strategies may be used to remove troublesome board members:

Personal Intervention. A one-on-one intervention by the Board President or the Chief Administrative Officer can be scheduled to meet informally with the board member in question. This meeting shall attempt to resolve conflicts or issues and if no resolution occurs, then a request for the board member's resignation can be made.

Impeachment. If resolution is not possible and the board member does not resign, then an impeachment meeting may be called. Any board member may be removed at any time, with or without cause, by a two-thirds majority vote of current board members. Votes will be cast at a meeting of the board called for that specific purpose.

Attendance. Attendance at board meetings is **mandatory** and a board member may be immediately removed from the board if two consecutive board meetings are missed without prior notification to the Board President or the CAO.

Term Limits. Each board member's term shall be two years (with the exception of the CAO who will serve continually), with the option of staying on the board longer. The secretary to the board is a volunteer position whose term will be reviewed annually.

Leave of Absence. This allowance would make it possible for a board member to take a leave of absence from the board if they have health, work or other reasons why they cannot participate fully during their current term. A replacement board member will be recruited and/or appointed to finish the board member's term. Reapplication for board membership will be addressed by the Board President and the CAO and considered on a case-by-case basis.

Replacing the Chief Administrative Officer. When the need to replace CAO arises, the Board of Directors will form a search committee to draft a list of the current job responsibilities and requirements needed for the applicants. The Board of Directors will open the application process in house and to the public. The Board of Directors will work closely with the current CAO in compiling a comprehensive listing of job responsibilities and qualifications needed. Ideally, the time frame to complete this replacement process would be two to three months. A majority vote of the Board of Directors would be needed to offer the chosen applicant the CAO contract. The CAO's contract would be for the duration of one year consistent with other contract positions.

School Community Councils and Charter Trust Land Councils: The board of directors will serve as the Trustlands Community Council. (Board Approved 6/2021)

G4. ADMINISTRATION, TEACHERS AND STAFF

The administration of Pinnacle constitutes two branches, the school Board of Directors and onsite administrators. All current Pinnacle teachers will be highly qualified licensed teachers or be on an approved progress plan through the Utah State Board of Education's options for licensure. They will plan lessons, organize their classrooms and endeavor to teach the state's core curriculum to their students while maintaining consistent discipline and modeling the positive principles of character education in their classrooms. In order for Pinnacle to best meet the needs of our students, several other support staff (secretarial/office staff, lunch workers, janitorial, paraprofessionals, social workers, and other staff as needed) are necessary in order to meet the school's goals.

SECTION TWO: SCHOOL POLICIES

S1. DISCIPLINE PHILOSOPHY AND POLICY

Discipline means to teach. Rather than punishment, discipline shall be a positive way of helping and guiding children to achieve self-control. An effective discipline program requires three vital educational functions which are maintenance of order, development of internal control and promotion of prosocial behavior.

Self-development is most effective if the person is committed, rather than just complying. Commitment comes through internal motivation. Internal motivation is fostered in a positive learning environment where people feel they will not be harmed, where they are given choices that encourage ownership and empowerment, where self-evaluation and self-correction are dominant in people learning that appropriate, responsible behavior is in their own best interests.

Discipline Procedures

- When addressing inappropriate behavior, students will describe what the specific undesirable behavior is, the reason the behavior is undesirable, and what shall be done to change the behavior.
- When a staff member is addressing an inappropriate behavior, they will use a respectful tone of voice that does not increase in pitch, tone or volume, and be in close proximity to the child. Voices are valuable teaching tools; they shall convey respect and help children to feel safe and reassured.
- To develop their sense of autonomy and initiative, students need to experience the positive feelings that come from making choices. Students will be encouraged to offer solutions and to help determine the consequences for their inappropriate behavior. Students will be taught to take responsibility for their own actions.
- When the need arises for the student to have a cooling down period to calm down and reflect, the student will be allowed to regain power of control and choice in an area established by the teachers for this purpose. This area shall not be used as a punishment.
- School personnel will immediately address any physically dangerous and/or persistently inappropriate behavior. Examples include, but are not limited to, endangering one's personal body, hurting others, bullying, or destroying property.
- Staff will be trained in discipline procedures. Staff will also be reviewed periodically for compliance, their ability to implement discipline procedures and how frequently they use the procedures.
- Staff will follow Utah laws concerning discipline and will not discipline using toileting, food, or sleep as a consequence for any behavior.
- Teaching self-discipline is not a simple process. We must first establish a relationship with students, be clear and consistent, and keep parents informed of their child's behavior. Parents will be called and informed if their child is experiencing problems with self-control or inappropriate behavior. Parents will be asked to offer solutions that have been successful at home for curbing inappropriate behavior and parents will be actively involved in the successful integration of self-control skills

S2. STUDENT CODE OF CONDUCT

Pinnacle has developed a Code of Conduct for our school and students. Please refer to The Student Code of Conduct (**APPENDIX A**).

S3. ELEMENTARY DRESS CODE (Grades K-5)

The school's Uniform Policy was deleted as of May 2017 per Board approval. Elementary students will follow the new student dress code noted below.

We rely on Pinnacle parents/guardians to require that their students leave home each morning dressed appropriately. Pinnacle administration, teachers and staff will strictly enforce the dress code policy throughout the day. Parents will be contacted if the student's problem with the dress code cannot be addressed at school. Any questions regarding the dress code can be directed to your child's teacher or to School Administration.

CLOTHING: Clothing shall be modest in nature, covering the body as is appropriate in a school setting. Absolutely no clothing will be allowed that advertises drugs, alcohol or tobacco products. Students and staff shall wear clothing that conforms to school appropriate standards. Each teacher in the elementary may have rules concerning the clothing allowed in their classroom, i.e., the wearing of hats or hoodies, etc. Each teacher will submit their classroom rules and obtain approval from the Elementary Principal before posting the rules for their classroom.

SHOES: Elementary students must wear closed-toe shoes to school. Flip flops and sports slides are NOT allowed.

HYGIENE: Students shall practice good hygiene when they come to school by showering daily, wearing appropriate deodorant and wearing clean clothes. Students that are dirty, emit strong bodily odors, or wear dirty clothes will be sent to the office where parents will be contacted.

S4. **SECONDARY DRESS CODE (Grades 6-12)**

We rely on Pinnacle parents/guardians to require that their students leave home each morning dressed appropriately. Pinnacle administration, teachers and staff will strictly enforce the dress code policy throughout the day. Parents will be contacted if the student's problem with the dress code cannot be addressed at school. Any questions regarding the dress code can be directed to your child's teacher or to School Administration.

CLOTHING: Clothing shall be modest in nature, covering the body as is appropriate in a school setting. Absolutely no clothing will be allowed that advertises drugs, alcohol or tobacco products. Students and staff shall wear clothing that conforms to school appropriate standards.

SHOES: Flip flops are NOT allowed. Open-toed shoes are acceptable if they have a back and a strap. Sports slides with socks are acceptable.

HYGIENE: Students shall practice good hygiene when they come to school by showering daily, wearing appropriate deodorant and wearing clean clothes. Students that are dirty, emit strong bodily odors, or wear dirty clothes will be sent to the office where parents will be contacted.

S5. **COMMUNICATION WITH STUDENTS/PARENTS**

Pinnacle will communicate with our students and parents. Meetings will be held as needed. Parents are strongly encouraged to attend all parent meetings, regularly check the school webpage for calendar events and updates, and maintain an accurate phone number and other contact information on file in the school offices to ensure that they receive the regular automated phone calls.

Parents may contact teachers by email or on the phone. Phone calls to teachers should be limited to before 8:00 a.m. or after 3:00 p.m. in order to minimize disrupting classroom instruction. Teachers will promptly respond to parent emails and telephone messages, usually within 24 hours. If a parent has problems or concerns regarding their child's education, they shall first address those issues with the child's teacher(s). If the parent is not satisfied with the teacher's response, they should reference the **Student Code of Conduct (Appendix A)** for the grievance procedure. An appointment can then be made with the administration to resolve the issues. Appointments can be made with individual teachers before or after school hours or with administration during the day when possible.

S6. STUDENT ATTENDANCE POLICY

According to the Utah Compulsory Attendance Laws (53A-11-101) every school age child must be in school until age 18 or graduation. Under this law, parents or guardians are obliged to enforce compulsory school attendance. In fact, it is a misdemeanor if a parent fails to have their child in regular attendance. Such laws are intended to facilitate development of skills and knowledge necessary for students to learn to function in a modern democratic society through attending school regularly. The Utah State Board of Education also views on-time attendance as a critical element for student success. When students miss school, they miss out. The opportunities lost through student absence and tardiness leave learning gaps that are difficult to fill. Consistent, on-time attendance is a life skill required for successful employment in the future as well as helping maintain consistent and dependable relationships. Increasing an optimal learning environment that fosters these lifelong habits of accountability and reliability begins with consistent attendance in school. Pinnacle is committed to support parents, students and school personnel in making decisions that lead to 95% on time attendance by every student.

School personnel will schedule school activities so as to not disrupt consistent, on-time school attendance. Teachers shall release students from class on time and not interfere with the on-time attendance of students in other teachers’ classes.

Parents shall excuse students for valid reasons identified by the Pinnacle Board of Directors which include illness, medical appointments, family emergencies, death of family member or close friend, and family activity or travel consistent with the board and school policy.

A clearly defined process for absence and tardy review is in place. Documentation of absences will be coded as follows:

CODE	MEANING	CODE	MEANING
.	Present	M	Half day morning
/	½	N	Half day afternoon
-	Virtual Learner (hyphen)	O	Observation and Assessment
A	School Activity	P	Parent Phone Call to excuse student
C	Concurrent Enrollment at USU Eastern	S	Sluff
D	Detention	T	Tardy reflects being up to 20 minutes late for class. Code will then revert to a “U”.
E	Excused by Parent and/or Guardian written note (not to exceed three consecutive days), Doctor’s excuse or other note for excused circumstance (death, family emergency, etc.) is required for every day beyond the three day parent excuse.	U	No legitimate excuse submitted
G	Group	X	Counseling Department
H	Homebound	Z	Suspension – disciplinary action
I	In-school suspension – disciplinary action		

Students are expected to:

- Attend class daily and on time.
- Provide Pinnacle with adequate explanation and appropriate proof of reason for an absence within 24 hours.
- Verbal communication from parent or guardian on the day of the absence is required to excuse in case of illness or family emergency. **If such communication cannot be made, a written excuse signed by parent or guardian must accompany the student when he/she returns to school.**
- A verbal or written request from the parent or guardian that is approved by a Pinnacle administrator or designee in advance will excuse the student. Such advance requests will allow the student time to secure assignments. Only under exceptional circumstances, however, will midterm or final examinations be given earlier.
- Obtain makeup assignments from teachers after an excused absence and to complete this work in the same number of days as absent, plus one. The teacher, in extenuating circumstances, may grant additional time.

Occasionally, a student must be absent from school for reasons that are acceptable to the school as well as the court. Please follow the above steps informing the school every time your child is absent explaining the reason. The school and the court require a statement from a doctor regarding extended absences for illness. Appointments with doctors shall be arranged after school hours whenever possible.

Pinnacle has clearly defined the following effective interventions for excessive absenteeism or tardiness. Attendance is monitored daily by both the elementary and secondary secretaries. Once a student reaches five unexcused absences, the secretaries call the parents/guardians to inform them about their child's attendance. If the child approaches ten absences, a formal attendance letter is mailed home. If absences continue, a student services meeting is called with administration, counseling department and parents to create an attendance plan for the student. The Counseling Department advocate monitors the excessive absences and tardies for secondary students and coordinates with the Secondary Principal for families that continue to have excessive absences and tardies. The elementary secretary coordinates with the Elementary Principal regarding elementary students with excessive absences. If an elementary student has more than 20 absences, a truancy referral is sent to the Juvenile Court. (Board approved 5/2020)

Truancy Prevention (Board Approved 6/2021)

Pinnacle administration will meet regularly to review truancy and chronic absenteeism data among Pinnacle's student population. Students at risk for chronic absenteeism and truancy will be targeted for specific interventions including: increased communication with parent/guardians and students, letters home reminding parents and students of current attendance percentages compared to an average student, and coordination with local agencies as needed. Pinnacle administration will promote 95% attendance policies annually at Back to School Night, Parent Teacher Conferences and other parent/guardian events to increase attendance awareness among our families and students.

S7. PARENT RESPONSIBILITIES

Pinnacle requires each parent to sign an educational compact at the beginning of the school year signaling their agreement to be involved in their child's education. This compact requires that each child comes ready to learn and that parents need to do their part in helping their children succeed.

Please contact your child's teacher for ideas about how you can volunteer in the classroom and at home. Parents can volunteer by helping in the library, classroom, school grounds, and as homeroom parents.

It is the parents' responsibility to support the school and their child(ren) by utilizing the school website, checking the SIS system for grades, and complying with homework, attendance, and all other policies. For additional information, see **APPENDIX E** Title I Parental Involvement Policy and **APPENDIX E** for the Parent/School Educational Compact.

S8. VALUABLES/ELECTRONIC EQUIPMENT

Students shall not bring any valuables to school. **Pinnacle relies on parents/guardians in enforcing this rule.** The school is **NOT** responsible for lost or stolen items. Elementary students may not have electronic devices. All devices must be checked into their teacher or in the office for the day. Personal cell phones and other electronic communication devices are allowed in the Secondary school but shall be put on silent from 8:00 a.m. to 3:00 p.m. These devices may only be used before and after school and during lunch. Secondary students will be educated by their teachers as to the appropriate use of electronics in the classroom.

S9. VOLUNTEERING

All volunteers need to first check in at the school office, get a volunteer name badge and sign the **Volunteer Contract (Appendix AA)** outlining confidentiality and school policies. Office personnel can answer questions regarding where the bathrooms are lunch schedules, procedures, etc. Teachers will direct volunteers where they can leave their personal items and where their help is needed. A parent who volunteers at the school may purchase a school lunch, which must be paid for and ordered no later than 8:30 a.m. of the day they volunteer.

S10. SCHOOL BREAKFAST/LUNCH

Pinnacle has been approved to participate in Community Eligibility Provision (CEP) Beginning SY 2022-2023 through SY 2025-2026, breakfast and lunch will be available to all children who attend at no charge and eliminate the collection of meal applications for free, reduced-price, and paid student meals. CEP reduces burdens for both families and school administrators and helps ensure that students receive nutritious meals.

For the school years where Pinnacle is not participating under CEP, the policy is as follows:

School breakfast and lunch prices change yearly. Current student prices are \$2.00 for breakfast and \$3.00 for lunch. Adult prices are \$2.00 for breakfast and \$4.00 for lunch. Reduced prices are \$0.30 for breakfast and \$0.40 for lunch.

School Food Charge Policy

Effective starting 2015-2016 school year, students at Pinnacle may charge for school lunch, up to five meals per child, in the school year. All charges are to be granted in emergency cases only. If a family's lunch balance exceeds \$100, parents/guardians will be sent to collections after three contact attempts have been made. Parents/guardians are responsible to keep school lunch balances current. Middle and high school students will be denied lunch after the fifth charged meal. If applicable, it is recommended that parents/guardians fill out Free/Reduced Application forms annually (www.schoolslunchapp.com). In order to keep school lunch balances current, **Parents/Guardians are responsible to create an account and check students' balances on www.myschoolbucks.com** using their students' lunch number. Through this system, reminders can be sent through email. Notices will be given verbally and low/negative balances are printed daily. All balances are due at the end of the school year, upon transfer, &/or graduation.

Pinnacle adheres to the state guidelines and policies for Free and Reduced Lunch applications

The above-named sponsor has an agreement to participate in the National School Lunch Program (NSLP), National School Breakfast Program (NSBP) and/or Special Milk Program (SMP). Program participation is recorded in CNPWeb. In accordance with 7 CFR 245.10, each Local Education Agency (LEA) participating in the NSL, SBP and/or the SMP with the free milk option must have an approved free and reduced-price policy statement on file with the Utah State Board of Education Child Nutrition Program office that accurately describes its current free and reduced-price policy. Standard counting and claiming schools accept responsibility for providing free and reduced-price meals or snacks or free milk to eligible children in the facilities under its jurisdiction, effective the current school year. This policy statement is permanent as approved.

Community Eligibility Provision Schools, Provision 2 and Provision 3 Schools (NSLP & SBP) accept responsibility for providing meals or snacks to all children at no cost in approved schools under its jurisdiction, effective with the current school year. Such schools are exempt from parts A, B, C, E, F, G and H of this agreement.

The sponsor assures the Utah State Board of Education that it will uniformly implement the following policy to determine children's eligibility for free and reduced-price meals or free milk in all child nutrition programs under its jurisdiction. In fulfilling its responsibility, the sponsor:

- A. **Eligibility Official.** Agrees to designate an LEA official as an application approving official. The approving official will use the criteria outlined in this policy to determine which individual children are eligible for free or reduced-price meals or free milk. The name of the individual responsible is recorded on CNPWeb.
 - i. **Application Procedures.** Agrees to distribute to the households of enrolled children: a letter to households and an application for free and reduced-price meals or free milk. These items are to be distributed at the beginning of each year. LEAs will ensure there are no barriers for participation in our Programs for Limited English Proficient (LEP) families and that State agencies and LEAs are required to communicate with parents and guardians in a language they can understand throughout the certification and verification processes. Application materials will be made available in languages applicable to the school population. The LEA will follow the current USDA FNS guidance and policy in determining free and reduced-price meal eligibility. Applications may be completed at any time during the year. Any household enrolling a child for the first time, at any time during the year, shall be supplied with such documents.
 - ii. **Direct Certification.** The LEA will directly certify students in the CNPWeb Direct Certification module complying with the process established by the state Child Nutrition Programs.
 - iii. **Foster Child.** A foster child is categorically eligible for free meals and may be included as a member of the foster family if the foster family chooses to also apply for benefits for other children and an explanation that including children in foster care as household members can help other children in the household qualify for free or reduced-price meals. If the foster family is not eligible for free or reduced-price meal benefits, this does not prevent a foster child from receiving free meal benefits;
 - iv. **Categorically Eligible.** Households with children who are categorically eligible under Other Source Categorically Eligible Programs shall contact the school for assistance in receiving benefits and indicate the source of their status on the application.
 - v. **Free Meals or Milk.** Agrees to serve meals, snacks, or milk free to children from families who receive SNAP, TANF, FDPIR, Homeless, Migrant, Foster, Runaway, or whose income is at or below the current year Income Eligibility Guidelines for free meals or milk.

S11. LIBRARY FEES/OVERDUE BOOKS

Pinnacle is honored to have the Cameron Robinson Memorial Library at our elementary school. We endeavor to stock our library not only with books that support our curriculum and provide research opportunities to our students, but also with books that encourage leisure reading as well. Any materials checked out from the school library shall be carefully taken care of and returned when due. Students at Pinnacle are allowed to check out one book at a time (two at a time for secondary students). Students with overdue books will not be allowed to check out another book until the initial book is returned. If a book is lost or damaged, the student is required to pay the replacement cost of the book as determined by the school librarian. All books must be turned in by the first week of May each year and fees paid before the school year is over. Pinnacle will teach students to respect and care for the books in our library and will encourage all parents to reinforce this principle at home.

S12. CHARACTER EDUCATION

Pinnacle believes in educating the whole child. Character Education is integrated throughout the day within the assigned curriculum, not detracting from teaching the core curriculum, but enhancing it. Teachers and staff will model those strong principles of good character that we want to instill in our students. Character education is consistently incorporated from Kindergarten through grade 12 through the Community of Caring program. Caring, respect, responsibility, trust and family are the five pillars of the program.

S13. HOMEWORK

Daily homework is an extension of Pinnacle's commitment to the education of each student. Homework will be evaluated thoroughly and consistently, returned promptly and integrated with current assignments. In general, homework will not be assigned on long weekends or holidays. Students with extended absences will need to meet with their teachers to develop a homework plan to get them current with their assignments. Students who are suspended will be required to complete the assignments they miss as well as additional assignments as deemed by the Secondary teaching staff and administration.

S18. SIS SYSTEM/STUDENT COMPUTER USAGE

Pinnacle is committed to providing students and staff with access to technology and resources that provide the most effective educational experiences possible. Pinnacle firmly believes that the valuable information and interactions available through computer network communications is fundamental to these experiences and far outweigh the small percentage of materials that are not consistent with educational goals. As global communication tools become available, it is imperative that individual users understand the benefits and responsibilities of accessing a growing collection of resources. Although Pinnacle has taken precautions to restrict access to controversial materials, it is impossible on a global network to control all access.

The **Appropriate Use Policy** (found in **APPENDIX D**) provides details regarding the appropriate and inappropriate use of Pinnacle's computers. The procedures do not attempt to articulate all required or proscribed behavior by users. Successful operation of the school computer network requires that all users conduct themselves in a responsible, decent, ethical, and polite manner while using the school computers. Users are ultimately responsible for their actions in accessing and using Pinnacle computers and computer networks. Users of Pinnacle's computers are expected to review and understand the guidelines and procedures in this document. Before any student will be given access Pinnacle's computer resources, the student must present the "Acceptable Use Agreement" (AUA) form, properly signed by a parent or guardian, which AUA acknowledges that Pinnacle is not responsible for unauthorized or improper access or use of Pinnacle's Computer Network Communications services.

Afterschool Programs (elementary and secondary) will adhere to the Out-of-School Time Program Standards (R277-715-1) to establish standards for high quality out-of-school time programs including before school, after school, and during the summer. Pinnacle will complete the Utah After-school Program Quality Assessment and Improvement Tool developed by a statewide multi-agency stakeholder group, and administered by the Utah After-school Network to determine if the program is meeting the standards. Pinnacle will collect attendance of those students who participate in the out-of-school programs. Pinnacle will adhere to all safety standards including training and policies. Pinnacle will have a consistent and responsive behavior management plan. Pinnacle's program will communicate and collaborate with the school and community and will foster family involvement to support program goals. Pinnacle's program will engage participants in learning activities that promote critical thinking, creative thinking, and that build on the individual's interests and strengths;

aligns academic support and interventions to the school-day curricula to address student learning needs; and offers a variety of life skill activities and needs-based support to promote leadership skills, personal growth, and responsible behaviors toward self and others. Administration will establish a plan for effectively managing the program.

S25. ACADEMIC INTEGRITY POLICY

Integrity can be defined as doing the right thing regardless of the circumstance. At Pinnacle, we emphasize the importance of developing good character as a Community of Caring school and believe personal behavior shall reflect those core beliefs. This is especially true when it comes to academic honesty. Academic dishonesty includes plagiarism (taking credit for someone else's words or ideas without giving credit for those ideas) through cutting and pasting or copying directly from the Internet, copying out of a book or representing someone's work as your own. Additionally, cheating on exams, assignments, or projects, providing answers to another student, turning in someone else's work and representing it as your own or doing someone else's work for them are considered academically dishonest behavior. The majority of the work submitted needs to be the student's own writing with no more than 20% of the material used directly quoted from another source. Students found to be academically dishonest will have the following consequences:

FIRST OFFENSE

- Receive a zero for the assignment/exam/project

Do not leave money, watches, jewelry, or other valuable property in the lockers. Obscenities in the form of pictures or writing or any type of defacement are prohibited, including a prohibition on stickers. Lockers are the property of the school and may be inspected at any time. Textbooks will be assigned to students by their teachers. At the end of the year, textbooks that are not turned in will be charged to the student they were issued to. It is the student's responsibility to keep the textbooks in the same condition it was checked out to them in. When a textbook is issued to a student, each book will have an individually identifiable number and students will write their names in ink inside the front cover of the textbook and note any damage to the textbook. S30. TRAUMA SENSITIVE SCHOOLS

Pinnacle is a trauma sensitive school. Trauma sensitive schools are grounded in a set of core principles that inform everyday school operations. These core principles align with existing culture practice at Pinnacle.

- Understanding trauma and its impact. In a trauma sensitive school, all staff share a common understanding of trauma and its impact on students, families, and staff. A joint mission is created to develop learning environments that acknowledge and address trauma’s impact on school success.
- Healing happens in relationships. In a trauma sensitive school, we believe that establishing safe, authentic, and positive relationships can be corrective and restorative to survivors of trauma and can help build resilience for all. This principle encompasses relationships among and between school staff, students and families.
- Ensuring emotional and physical safety. Trauma sensitive schools are committed to establishing a safe physical and emotional learning environment where basic needs are met, safety measures are in place, and staff responses are consistent, predictable, and respectful.
- Viewing the student as a whole person. Schools invested in taking a trauma-sensitive approach understand the nature of emotional and physical health and how it interrelates with academic success and the need to view students holistically and build skills in all areas.
- Supporting students, staff and families: Trauma sensitive schools operate in a way that supports choice, control, and empowerment for students, families and staff and empowers all by building skills that enhance an individual sense of mastery.
- Creating cultural competence. Trauma sensitive schools strive for cultural competence by acknowledging and respecting diversity with the school, considering the relationship between culture, traumatic experiences, safety, healing, and resilience, and using the approaches that align with the cultural and linguistic backgrounds of students, families, and the community.
- Utilizing collaboration. In a trauma sensitive school a collaborative approach is used with students, families, and staff. This approach includes sharing information and decision making and recognizing students and families as partners.

Contacting the school office and/or CAO when an emergency occurs is of utmost importance. Any time police, court officials, DCFS agents or the press come onto campus, they shall be escorted to the office.

Emergency Procedures: Teachers are responsible for the students they are teaching at the time of the emergency. The CAO must be the only contact with parents or media during an emergency. All teachers and staff shall refer all media questions to the CAO. All classrooms will have smoke alarms and fire extinguishers as deemed necessary from the Fire Marshall. Teachers are responsible for their class during fire drills and all classes must participate in the drills with each class going to their designated area. In case of a fire, all students, teacher and staff must follow the safety plan and exit the building immediately. Attendance is taken outside after evacuating the building safely.

Medical Emergencies: Appropriate first aid for the injured is the first concern. The first adult on the scene shall remain with the injured student and send for a second adult. Staff must follow CPR and First Aid procedures. All injuries must be reported to the office. All head injuries must be reported immediately to the parents. The office staff will complete the appropriate paperwork.

Student Medication: All student medication shall be distributed in the offices. Appropriate medical forms for the medication shall be completed prior to the beginning of the school year. Students are allowed by Utah law to have inhalers on their persons at all times.

Reporting suspected child abuse: Under Utah Code Ann. §62A4a-403, school teachers and staff are considered mandatory reporters and thus obligated to report any suspected child abuse or neglect to appropriate local and state agencies. School teachers and staff will report any suspected abuse or neglect immediately to school administration. The School Social Worker will report to the appropriate local/state agency. School teachers and staff are never to interview children suspected of being abused or neglected. If the staff member has reasonable cause to believe that a student has been physically or sexually

abused by a school staff member, they shall report that information immediately to school administration who will immediately report that information to the Utah Professional Practices Advisory Commission and will notify the parent/guardian of the student. (Board Approved 5/2020)

Visitor Check-in: ALL visitors to the school are required to check-in at the office and receive a visitor name badge. The name badge must be worn at all times. Any employee that sees an unknown adult on campus without a name badge shall contact the office immediately.

Canned Air Policy: Compressed air (it is used to dust off computers and other electronics) is to be locked in a cabinet. If it is discovered in any room unlocked, except when it is being used, it will be taken and those individuals will not be allowed to use it again. Students are not allowed to use compressed air at any time.

AP 16. EMERGENCY MANAGEMENT PROCEDURES

The purpose of this plan is to provide a framework for school staff to organize the resources of the school and community to respond to and manage emergency situations while school is in session. The main objectives are to: (1) protect the life and safety of students and staff, (2) provide a framework for staff, students, parents, and community agencies to respond quickly and effectively to emergency situations, (3) protect school property and environment, and (4) facilitate the resumption of normal school activities in a timely manner. When an emergency situation occurs, school personnel must quickly determine what initial response actions are required. Determining the appropriate actions to take is a three-step process.

1. Identify Type of Emergency: The first step in responding to an emergency is to determine which of the following 7 types of emergencies is occurring: (1) animal disturbance, (2) armed assault, (3) biological or chemical release, (4) bomb threat, (5) earthquake, (6) fire, or (7) loss of utilities.
2. Identify Level of Emergency: The second step in responding to an emergency is to determine if the emergency is minor, moderate, or major.
3. Determine Immediate Actions: The final step in responding to an emergency is to determine the type of response. The most common responses are: (1) duck and cover, (2) shelter-in-place, (3) lock down, (4) evacuate building, and (5) off-site evacuation.

Emergency Procedures

Animal Disturbance: This procedure shall be implemented when the presence of a dog, coyote, mountain lion, or any other wild animal threatens the safety of students and staff. The school administrator will initiate appropriate actions including shelter-in-place, lock down, or evacuate the building. Upon discovery of an animal, staff members will attempt to isolate the animal from students and staff, if it is safe to do so. If the animal is outside, students will be kept inside. If the animal is inside, the students will remain outside in an area away from the animal. The school administrator will notify proper authorities.

Armed Assault: This procedure shall be implemented when one or more individuals attempt to take hostages or cause physical harm to students and staff. Such an incident may involve a gun, a knife, or other harmful device. Personnel shall immediately contact proper authorities. The school administrator will initiate appropriate actions which could include either a lockdown procedure or evaluation of the building. Staff shall take steps to calm and control students, and if safe to do so, attempt to maintain separation between students and perpetrator.

Biological or Chemical Release: A biological or chemical release is an incident involving the discharge of a biological or chemical substance in a solid, liquid, or gaseous state. Such incidents may include the discharge of acid in the school laboratory, an overturned truck or train car of hazardous materials, or an explosion at an oil or gas facility. If the incident occurs within the building, students will either evacuate the building or perform an off-site evacuation. The school

administrator will notify proper authorities. If the incident occurs outside of the school, the administrator will initiate shelter-in-place procedures.

Bomb Threat: Response to a bomb threat is initiated upon the discovery of a suspicious package or receipt of a threatening call. If the threat is received by telephone, the person receiving the call shall attempt to keep the caller on the telephone, alert someone else to contact proper authorities, and obtain as much information as possible. If a suspicious object is identified one adult will notify the school administrator, while the rest secure the area, establishing a perimeter of 300 feet. No attempt shall be made to investigate or examine the object. Depending on the location of the object the school administrator shall initiate lockdown, evacuate building, or off-site evacuation procedures.

Disorderly Conduct: Disorderly conduct may involve a student, staff member, or community member exhibiting threatening or irrational behavior. Staff shall take steps to calm and control the situation and attempt to isolate the perpetrator from other students and staff, if it is safe to do so. The school administrator will initiate lockdown, shelter-in-place, evacuate building, or off-site evacuation procedures. If necessary, the school administrator will notify local authorities

Earthquake: Upon the first indication of an earthquake, staff will direct students to duck, cover, and hold. Children and adults need to move away from windows and overhead hazards. When the shaking stops, the school administrator will initiate the evaluation of the building, or off-site evacuation procedures. The school administrator will also notify local authorities of the school's needs.

Fire: Upon discovery of a fire inside the building, the school administrator will immediately initiate evacuation of the building procedures and staff will direct occupants out of the building to the designated meeting point. If the fire is outside the building, the school administrator will initiate shelter-in-place procedures. If necessary, staff will disengage heating and/or air-conditioning systems. In both situations, the school administrator will notify local authorities.

Loss or Failure of Utilities: Failure of utilities can result in broken water or sewer lines, exposed electrical lines, or a gas leak. The school administrator will initiate shelter-in-place or evacuate building procedures. The school administrator will notify local authorities.

School soft closure due to pandemic conditions: A soft closure of all Utah schools was implemented on March 13, 2020, in order to mitigate the potential spread of COVID-19, a novel coronavirus. Pinnacle implemented a distance learning plan quickly and efficiently which also included family food kits. Pinnacle has created an emergency distance learning plan and employee assignments to prepare for a future soft closure due to pandemic, natural disaster or some other unforeseen event. (Board Approved 5/2020)

Infectious disease. shall an outbreak of an infectious disease necessitate a school closure or restrictions of any kind, the Administration will implement a safety plan based on science and the medical recommendations from local, state and federal experts. **(Board Approved 6/2021)**

PP18. **REMUNERATION**

The employee will be paid on a twelve month semi-monthly pay period schedule where the employee’s annual salary is divided by 24 pay periods. An employee’s daily rate of compensation will be computed as the amount equal to the ratio of the employee’s annual salary to the number of contracted school days. That is, the numerator is the annual salary divided by the denominator, the number of contracted school days. When the School is closed because of an act of nature or an event outside the control of the School, the Employee will be paid for the full time period the School is closed at the Employee’s contracted salary rate provided the Employee performs an equivalent number of hours at another time during the School year.

An Employee whose employment contract is terminated prior to the completion of the current school year will receive all monies earned but unpaid on the first day of the following month on the next available payday. Part-time hourly Employees are paid only for time actually worked and do not receive personal/sick leave. Full-time hourly employees earn five (5) paid personal/sick days per year and will follow the **Personal/Sick Leave schedule in section PP14 PERSONAL/SICK LEAVE**. Excessive absences from work may be grounds for termination. Hourly Employees will use the timekeeping system per HR guidelines.

Pay period options/direct deposit/pay days. Employees are required to have their checks direct-deposited into their bank account (See HR Director for the appropriate form). Paydays are on the 5th and 20th of each month.

Insurance Benefits. The founding full-time employees of the school will always have their health insurance paid 100% by the school as long as they are consecutively employed by Pinnacle. Upon retirement, administrator level personnel will receive five years of health, vision and dental insurance paid at 100%.

Pinnacle’s Teacher Salary Schedule (Board approved 4/21/21)

STEP	BACHELOR'S DEGREE	BACHELOR'S DEGREE (+20 HRS) +\$1,000	MASTER'S DEGREE +\$3,000	MASTER'S DEGREE (+20 HRS) +\$4,000
S1	\$42,500	\$43,500	\$45,500	\$46,500
S2	\$43,150	\$44,150	\$46,150	\$46,150
S3	\$43,800	\$44,800	\$46,800	\$47,800
S4	\$44,450	\$45,450	\$47,450	\$48,450
S5	\$45,100	\$46,100	\$48,100	\$49,100
S6	\$45,750	\$46,750	\$48,750	\$49,750

Salary steps are set based on the teacher’s initial hiring after 2009 when the State Legislature funded salary increase. This schedule does not reflect the \$4,200 Legislative Educator Salary Adjustment given at the time. Currently, teachers are locked into their salary step until the legislature funds additional salary money. If the State Legislature grants an increase in the WPU, the Administration will determine if, and how, it will be distributed in the Salary Schedule. Beginning teachers at Pinnacle start at Step 1 unless they come in with teaching experience, then they would be credited up to Step 4.

The type of endorsement and number of endorsements credited must be approved by Administration. As of the 2014-2015 school year, the only compensated endorsement in the Offer of Employment is Special Education. Teachers who have their schooling paid for by Pinnacle have the additional option of buying out time owed to the school, instead of accepting the salary increase (\$1,000 = 1 year). Teachers must complete training for re-licensure points every year to keep their license

current. It is the teacher's responsibility to keep track of re-licensure points. The State Office of Education Licensing Division sets criteria for approved training. List of fully acceptable renewal categories can be accessed at <https://www.schools.utah.gov/curr/licensing>.

If employees provide notice of the need to take FMLA leave on an intermittent basis for planned medical treatment neglect to fulfill this obligation, Pinnacle may require employees to attempt to make such arrangements, subject to approval of the employee health care provider.

PP22. MATERNITY/PATERNITY POLICY

Full time employees may take six weeks of maternity/paternity leave after the birth of their child by utilizing the benefits afforded to full time employees through short-term disability. Each full time employee must use short-term disability in order to exercise their maternity/paternity leave. Employees will receive six weeks of maternity/paternity only and sick leave/personal days cannot be used to extend the six weeks without extenuating reasons documented by a physician and then only with approval by the CAO. All PTO must be used before short term disability is applied for.

PP23. PLANNED MEDICAL TREATMENT

Medical treatment is subject to the approval of an employee health care provider. Employees must consult with Pinnacle prior to the scheduling of treatment to work out a treatment schedule that best suits the needs of both Pinnacle and the employee. When employees take intermittent or reduced work schedule leave for foreseeable planned medical treatment for the employee or a family member, including during a period of recovery from a serious health condition or to care for a covered service member, Pinnacle may temporarily transfer employees, during the period that the intermittent or reduced leave schedules are required, to alternative positions with equivalent pay and benefits for which the employees are qualified and which better accommodate recurring periods of leave.

PP28. VOLUNTEER LEAVE SHARING

It is the intent of the personal leave policy of Pinnacle that employees use the allocated leave sparingly to build a reserve for use in catastrophic conditions. In special situations, employees may donate leave to another employee in need. If an employee

is in need, a special leave bank may be set up to accommodate their needs, but this policy does not guarantee such an account. It just allows for that option.
